Announcement

THIS Public Sale of Short Horn Cattle will consist of a select draft from the herds of C. A. Saunders and J. G. Westrope, of Shelby County, Iowa, and there will be about an equal number from each of these excellent herds. The females will be all of breeding age, and most all safe in calf or with calves at foot to some of the best bulls in America, including Cumberland's Type, twenty-six times champion and his sire, Cumberland's Best, whose get was not defeated in 1914; also Diamond Rex and Scottish Rex, and other bulls of extra good quality.

Sale will be held at South Omaha, Nebraska, Thursday, May 27th, in the Sale Pavilion.

Guarantee:—All cows with calf at foot, or well along in calf, are considered breeders without further guarantee. Heifers 1 year old or over, not bred, will not be guaranteed breeders. All bulls of breeding age will be guaranteed breeders if kept in good condition and not allowed to run with herd. Any animal failing to breed can be returned after six months' trial, if in good condition. If such animal fails to breed, after six months' trial by owner, the price of such animal will be refunded.

All stock will be at the risk of the buyer as soon as bid off, but if desired we will feed and care for them until the following day. They will then be turned over to the Stock Yards Company and shipped according to your instructions.

A certified pedigree from the American Short Horn Breeders' Association, bearing the signature of the Secretary and the seal of the Association, will be furnished with each animal sold, except the calves at foot and sold with dam. For these we will furnish a certified pedigree eligible to record.

Terms:—Cash, or bankable note bearing 8 per cent interest from date. Not over six months time. Parties from a distance will please bring late bank reference.

C. A. SAUNDERS and JACK WESTROPE.

The Lavenders—are everywhere conceded to be one of the very first of the Sittyton tribes. Their origin is the same as that of the Lancasters from which Mr. Pickrel's great bull, Imp. Baron Booth of Lancaster was bred; and many of the most valuable cattle ever brought out from Scotland have borne the Lavender name. Probably the grandest cow ever owned by Col. Harris at Linwood was Imp. Lavender 56th of this same family. One of the greatest champion show bulls of England in recent years is Count Lavender, the property of Dean Willis. As a class, the Lavenders are distinguished for their finish, flesh and quality.

The original Butterfly by Matador proved long lived and produced many calves among which was Lord Byron and Royal Fourth, both of which were used in the herd."

Imp. Eliza—a red cow, calved in 1881; and imported in October, 1883, by J. I. Davidson, Balsam, Ontario. She was bred by James Murray, Aberdeenshire, Scotland. Her descendants rank with the very best Scotch cattle of this country. It might be well to mention here that Mr. Davidson was one of the most discriminating importers on the American continent. His having imported her is evidence of a good foundation, and by the use of such bulls as appear in this pedigree is guarantee of the best of breeding.

King Marengo 268124—dark roan, calved September 8, 1905; bred by C. A. Saunders, Manilla, Iowa, got by King Champion 191878, out of Lady Marengo by Marengo 141581; Imp. Lady Douglas by Lord Douglas 132003.

Fitz Eustace 126912—it will be hard indeed, to find a bull at the head of any herd carrying more Cruickshank blood than does Fitz Eustace. Nothing more is needed to show the student of Short Horn breeding what might be expected from this bull. Combining as he does, the very cream of the blood in the noted herd of the wizard of Sittyton, he could not fail to be one of the really great bulls of this, the greatest of all herds. He carries a deep layer of even, mellow flesh from tail-head to crest, has level lines, very full quarters, an excellent rib, full in heart, wide of throat, deep of body; of strong masculine character, yet of the most pleasing countenance and amiable disposition. These characteristics he stamps upon his get to a remarkable degree.

Champion 118343—red, calved November 23, 1894; bred by J. S. McCauley, Emerson, Ill., got by Favorite of Maple Leaf 107851, out of Imp. Athene by Baron Violet 90446.

Lilac of Anoka 3d 90033—fine young cow, sired by the \$4000 bull, White Hall King 222724. Red cow calf at foot February 26th, sired by Royal Rex 3d 341710. Bred April 2d, to Scottish Rex 370101.

Imp. Josephine—was bred by J. Whitaker in England; brought to America in 1835, by the Ohio Company. She went to Kentucky in the hands of James Renick and bred many valuable animals. Among her descendants were the two celebrated sires, General Winfield Scott and Renick, both used by the veteran breeder, Abe Renick, and every descendant of Rose of Sharon, bred by him, carries her blood through her parental line. An analysis of the pedigree of this noted cow will certainly excite admiration of the most fastidious admirer of Colling's and Bates' best blood. Josephine was a very successful show cow, having won many prizes at the fairs of Ohio; this is one of the richest pedigrees to be had of this family.

White Hall King 222724—dark roan, calved April 29, 1903; bred by E. S. Kelly, Yellow Springs, Ohio, got by White Hall Sultan 163573, out of Queen of the Louans by Golden Victor 124164; tracing to Imp. Rosemary by Flash (261).

Imp. Young Mary—one of the most remarkable cows ever imported. She sold at the Ohio Importing Company's sale October 29, 1836, with her daughter, Pocahontas, for \$1,500; was a large cow but not strictly of show-yard character; an excellent milker and very prolific breeder; lived to be twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder, one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's decendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Mary's.

This is undoubtedly one of the most noted producers of the many famous Scotch cows imported. The champion show cow, Sweet Violet 2d, is a granddaughter of Imp. Marsh Violet, imported two years later than Marsh Violet, but they were both descendants of Red Violet by Allan (21172).

No pedigree in the English or American herd book is looked upon with greater favor than the grand old Duchess of Gloster breeding. Like the Victorias, they are descended in an unbroken line of the very best and most desirable breeding. In the hands of Mr. Cruickshank they have produced some of the most famous sires ever produced in the herd. At the time of the dispersion of the Cruickshank herd 21st Duchess of Gloster was considered the most famous female in the herd.

Imp. Flora—bred by A. L. Maynard, one of the best breeders in England of his day, and, imported by the Ohio Importing Co. in 1834. Scotty—one of the best, an outstanding good one among good ones.

Imp. Amelia—calved in 1833; bred by Mr. Catley, Bransby, England, imported by Messrs. Wait & Bagge, of Kentucky. Her dam, Laurentia, was also imported. Mr. Catley was a careful and successful breeder of good cattle, and the Amelias appear to have been a favorite sort in the family, for while Carnation was in the herd at 1820, and her ancestors on the female side at a still earlier date, Amelia was imported at least twenty years later. The sort must have possessed merit of a high order to have commended itself to the judgment of so critical a breeder so long a time.

Lancaster Rex—one among the best young bulls to be sold this year. Sired by Royal Rex 3d 341710, and does ample credit to his sire.

Imp. Mary Ann of Lancaster 7th—was bred by N. Reid, Danestown, near Aberdeen, Scotland. Lancaster 16th was bought by Mr. Cruickshank at the Wilkinson sale in 1854. She was one of the first prize pair of cows at the Royal Northern in 1856, and for her daughter the handsome, Lancaster 25th, Mr. Barclay of Keavil gave 150 guineas. She was in calf at the time and in April, 1862, gave birth to triplets—three heifers, two of which Anne of Lancaster and Mary of Lancaster, won prizes at Kelso as yearlings. Mary of Lancaster subsequently became the dam of Imp. Baron Booth of Lancaster, the great show and breeding bull owned by J. H. Pickrell, that sired the first bull ever bred in Illinois to sell for \$3,000.

The Cruickshank Duchess of Gloster—family is perhaps one of the best known families among the Cruickshank Short Horns throughout the United States. Duchess of Gloster 12th in above pedigree was imported in 1871, and she has been the foundation of a great number of Short Horns that for milking and feeding qualities combined can scarcely be equalled in any country. Perhaps no Scotch family has been more prolific, and it is safe to say that none has done more good to the breed and their owners.

Fitz Eustace 126912—it will be hard indeed, to find a bull at the head of any herd carrying more Cruickshank blood than does Fitz Eustace. Nothing more is needed to show the student of Short Horn breeding what might be expected from this bull. Combining as he does, the very cream of the blood in the noted herd of the wizard of Sittyton, he could not fail to be one of the really great bulls of this, the greatest of all herds. He carries a deep layer of even, mellow flesh from tail-head to crest, has level lines, very full quarters, an excellent rib, full in heart, wide of throat, deep of body; of strong masculine character, yet of the most pleasing countenance and amiable disposition. These characteristics he stamps upon his get to a remarkable degree.

Young Amazon	Crusader (934)	Wm. Jobson

Lyndale Victor 401632—an extra good thick bull, weighs 1600 pounds. Age, size, breeding combine to make this one of the most really desirable bulls to be found.

Imp. Princess Alice—made a show yard record with which most breeders are familiar, and has since been a splendid breeder and exceptional milker. She was sold in January, 1895, to Col. T. S. Moberly, for \$800. Queen of Hearts was the only cow which Col. Harris reserved in his closing out sale. Fairy Queen, as a yearling in 1891, was first in her class at Topeka and Kansas City fair, and was sweepstakes female at the latter place, right from the pasture. Young Marshall, a son of Princess Alice, was first prize yearling at Kansas City and several other fairs in 1892 and first prize 2-year-old at the Columbian in 1893. Prince Royal, another son, was first prize yearling and sweepstakes bull at Kansas City in 1893. Other noted sons are Royal Hero, Alice's Prince, Prince Armour and Royal Knight.

Roan Victor 2d 334392—roan, calved July 26, 1909; bred by A. Alexander, got by Roan Gauntlet 300204, out of Victoria Pride by Revenue 128768; Victoria Princess by Color Guard 106707; Imp. Victoria 67th by Lord of the Isles 45269.

Nonpareil Victor 130062—was a fine red Scotch bull of the noted Nonpareil family. He was sired by King Bee, he by Baron Barmpton; dam Nonpareil of Oakland by Imp. Royal Victor; Nonpareil of Hillhurst 2d by Imp. Lord Aberdeen; Imp. Nonpareil of Kinellar by Luminary.

Imp. Gardenia—represents one of Mr. Cruickshank's oldest families. She is a very deep milker.

White Sultan 296336—white, calved June 2, 1907; bred by F. W. Harding, got by White Hall Sultan 163573, out of Village Maid 2d by Abbotsford 126696; Village Maid by Earl of Mar 111883; tracing to Imp. Village Blossom by Ben Wyvis 19024.

Fitz Eustace 126912—it will be hard indeed, to find a bull at the head of any herd carrying more Cruickshank blood than does Fitz Eustace. Nothing more is needed to show the student of Short Horn breeding what might be expected from this bull. Combining as he does, the very cream of the blood in the noted herd of the wizard of Sittyton, he could not fail to be one of the really great bulls of this, the greatest of all herds. He carries a deep layer of even, mellow flesh from tail-head to crest, has level lines, very full quarters, an excellent rib, full in heart, wide of throat, deep of body; of strong masculine character, yet of the most pleasing countenance and amiable disposition. These characteristics he stamps upon his get to a remarkable degree.

Champion 118343—red, calved November 23, 1894; bred by J. S. McCauley, Emerson, Ill., got by Favorite of Maple Leaf 107851, out of Imp. Athene by Baron Violet 90446.

Major 412776—is a great thick low-down fellow, good red color, weighs 1300 pounds.

Imp. 22d Duchess of Gloster—was bred by Amos Cruickshank; a red cow calved in 1879 and imported in October, 1883, by J. I. Davidson of Balsam, Ontario. No pedigree in the English or American Herd Books is looked upon with greater favor than the grand old Duchess of Gloster breeding, either from the point of fashion, desirable crosses, or producers of animals of excellent individual merit. Like the Victorias, they are descended in an unbroken line of the very best and most desirable breeding from the famous Colling Bros.' oldest and highest prized strains. In the hands of A. Cruickshank they have produced some of the most famous sires ever raised in the herd such as Royal Duke of Gloster (29289), Dunblane (49792), Grand Duke of Gloster (26288) and Double Gloster of American fame. At the time of the dispersion of the Cruickshank herd, 21st Duchess of Gloster was considered the most famous female in the herd.

Orange Pride 300215—red, calved March 3, 1908; bred by Ardmore Stock Co., got by Scottish Pride 128543, out of Orange Lily of Ardmore by Curbstone 187462; Orange Lily by Mountain Archer 149639; Imp. Flora by Topsman 149645.

MRS. C. A. SAUNDERS

Gereley Stock Farm

"Lovely S." is getting along nicely and standing the heat fine; yesterday was 98 in the shade. She is a beauty—her name suits her to a T. I am proud of her.—J. A. Harrison, Birmingham, Ala.

"Rockdale Comet" came this morning, and to say that we are highly pleased would be expressing it mildly. Everyone that has seen him thinks that he is a beauty. We will do all we can for you, as you certainly have pleased us.—Mr. and Mrs. J. W. Hosick, Burbank, Okla.

The puppie arrived yesterday at 11 p. m. in fine shape, and must say I am well pleased with the little fellow. He was also admired by all who have seen him.—L. H. Malchow, Indianapolis, Ind.
